

# **SRI International**

## **Listing Information**

### **IAM Listing**

Prepared July 19, 2023

Seller: SRI International

Offering: Visual Content Understanding

#### **Description:**

Three (3) issued US patents relating to understanding the content and features of digital images and video. Enterprise, consumer and developer uses, such as image and video distribution, streaming services, content search, recommendation engines, security & surveillance and satellite imagery analytics.

Early priority dates, 70+ forward citations.

Offered by SRI International (includes former Sarnoff/RCA Labs), an innovation leader in computer vision and AI.

There are no encumbrances on the patents except for a nonexclusive license to the US Government (Govt funded invention).

More package details are available upon request.
