

Latin Lawyer - Vance Center Pro Bono Survey 2026

Welcome

Welcome to Latin Lawyer and the Cyrus R. Vance Center for International Justice of the New York City Bar Association's joint annual pro bono survey.

Law firms across Latin America have the opportunity to participate in the survey, sharing information on their progress in implementing pro bono programmes in their firms. The survey will track the process of institutionalising pro bono practice, highlight the significant efforts and achievements of participating firms and thus encourage more firms to follow in their path.

Please note that the survey results are published in an aggregated basis and we do not publish individual law firms' responses.

Also note that this survey largely focuses on pro bono work done in 2025, the last full year.

Survey responses are used to determine the Pro Bono Leading Lights. In countries with functioning clearing houses, firms are awarded points across the following categories: Law firm's pro bono infrastructure, recognition of lawyers' pro bono work, pro bono work done, support of clearing house. In countries where there is no clearing house, points are awarded between the first three categories (law firm's pro bono infrastructure, recognition of lawyers' pro bono work, pro bono work done), and a weighting is applied.

We estimate that it will take no longer than 45 minutes to complete. We ask that you do so no later than **Wednesday 6 May 2026**.

We thank you in advance for your time and contribution.

IMPORTANT: Ensure that you navigate to the end of the questionnaire and click 'Complete' so that your response is logged. Partial responses will not be saved.
