LACCA - Who Represents Latin America's Top 100 Banks 2026?

The Latin American Corporate Counsel Association (LACCA) is conducting its annual research into which law firms are regularly retained by the region's largest 100 banks.

This survey contains the latest list of Latin America's largest 100 banks by assets. Please enter a contact email address for each bank your firm regularly represents. For us, regularly means you should actively be doing billable work for the company at least once a year. Any bank for which an email contact is not provided, will not be included alongside your firm in the research.

The deadline for responses is **16 December 2026.**

The research, which will include detailed regional and country by country analysis, will be published on the LACCA website in 2027.
